PROFILE OVERVIEW

As a recent graduate in Computer Science, I am passionate about web development with strong skills in JavaScript, React, and HTML/CSS. My academic journey and hands-on experience have equipped me with the skills to create customer focused websites and customise web solutions to meet specific business needs. I have also worked extensively with WordPress, enhancing my versatility as a developer. I am eager to bring my technical proficiency and creativity to a dynamic team where I can contribute to impactful web projects.

TECHNICAL PROFICIENCIES

- **Programming Languages:** JavaScript, HTML/CSS, Node.js, JSON, PHP, C++, Python
- **Frameworks and Libraries:** React, Angular, Bootstrap, Vue
- **CMS and E-commerce Platforms** WordPress, Shopify
- **Databases:** PostgreSQL, MySQL
- **Version Control:** Git, GitHub
- **Agile Methodology**: Proficient in Agile practices including Scrum and Kanban. Emphasises iterative development, continuous improvement, and cross functional teamwork to deliver high quality software products.
- **Soft Skills:** Analytical thinking, problem solving, attention to details, highly numerate and IT literate, eager to learn.
