PROFILE OVERVIEW

As a recent graduate in Computer Science, I am passionate about web development with a strong focus on WordPress. My academic journey and hands on experience have equipped me with the skills to create customer focused websites and customise web solutions to meet specific business needs. I am eager to bring my technical proficiency and creativity to a dynamic team where I can contribute to impactful web projects.

EXPERIENCE

Freelance WordPress Developer   **January 2024 – Present**

- Developed and currently maintaining a commercial online perfume shop for a retail client using WordPress.

- Customized WordPress themes and plugins to enhance website functionality and user experience.

- Implemented e-commerce features, including product catalogs, shopping carts, and payment gateways.

- Optimised website performance for better load times and user experience.

- Conducted SEO best practices to improve search engine rankings and drive traffic to the site.

- Provided ongoing support and updates to ensure the site remains secure and functional.

Web Developer   **January 2020 – June 2022**

- Engaged with university peers and local businesses to provide website development services.

- Focused on front-end web development, leveraging HTML, CSS, and JavaScript programming.

- Gained practical experience in customising web solutions for small businesses.

- Enhanced user experiences and optimized website performance.
